

TYLA BOYS YOUTH EQUIPMENT USE POLICY

I. TYLA Programs and Events

TYLA is one of the few youth lacrosse organizations in the country that provides players with equipment (most youth clubs rent the equipment) at no additional cost. For our youth leagues TYLA will provide helmets, shoulder pads, arm pads and gloves for use during the season.

When the equipment is issued you will be provided with a form listing the equipment received and an "equipment due date" for equipment return. To ensure that equipment is returned by the due date, a \$200.00 check will be required as deposit for this equipment.

The check will be held and returned to you when the equipment is returned in good usable *condition* by the "equipment due date" at the end of the league, camp or clinic. If equipment is NOT returned by the "equipment due date" and/or is damaged due to improper use and needs to be replaced, your deposit check will be cashed.

TYLA will provide equipment return dates and times to facilitate returns. Your help and assistance in the return of the equipment by the "equipment due date" is greatly appreciated. Please feel free to contact the TYLA Equipment Manager if you need help in facilitating the returns.

II. Non-TYLA Programs and Events

The Tacoma Youth Lacrosse Association needs to ensure that top quality equipment is available for TYLA sponsored programs and events. Due to increased costs in acquiring replacement equipment and repairing worn and damaged equipment, TYLA will not provide or loan equipment for any "non-TYLA" program use. Non-TYLA programs or events include any camps, tournaments and/or select team play that is not affiliated with TYLA.
